Product Description

Product Description

An eye-opening book about prophecy, Catholicism, and the last days. Has the view of the Church of Rome as the woman who rides the beast in Revelation 17 become outdated? Hunt carefully sifts through history and prophecy to provide an answer.

Ingram

Many are amazed to discover in Revelation 17 that there is also another mysterious character at the heart of prophecy--a woman who ride the beast. Dave Hunt illumines this shadowy personage in this book, *Woman Rides the Beast*. **Submitted by Ingram Book Distributors**

Most helpful customer reviews**Excellent Book**, Jul 17 2005By [Roman Sanchez "rovanez"](#) (Vancouver, British Columbia Canada) - [See all my reviews](#)

I read this book not too long ago, and I found the book to be very informative. The author really spells out the fact that the "whore" of the book of Revelations is the Roman Catholic Church. It's too bad he didn't go further into the Scriptures to show how this church promotes every pagan filthy thing on earth. This includes "the names of blasphemy" for example; jesus, christ, lord, god, yahweh, jehovah etc... This is the same religious harlot that YAHOWAH and His Son will completely destroy. As Israelites we should be aware of her dealings in Europe, for Europe will become our enemy in the years to come. This book will show the past history of this church and her "lovers" the governments of Europe, including Hitler in the Second World War. Thank you for reading this review. I recommend it. (...)

[\(Report this\)](#)**I am not even chrisitan**, Jun 18 2004By **A Customer**

I am not even a christian but I enjoy studing christianity-as well as ALL religions in all aspects and I find that more often then not people who say they are "experts" know nothing and are blinded by their own faith.

Mr. Hunt is one of those people. He spills out hatred in pretty words and ignores truth. I would say don't read this book but if you do open your eyes. No book gives complete information and truth if it is written by someone with an agenda.

I have studied revelations with a completely open mind-as something interesting to read about and have found that all teh propaganda out there is wrong to a T. If there is a Woman who rides the beast it definatly isn't rome. Its much closer to home but it kindly ignored by people who don't want to look at themselves as workers of evil.

Anger, fear, hatred those are the works of evil. Those who speak with those words and preach such thoughts and feelings are workers of evil. Spread love not fear. Don't wait for the rapture-live your life the best you can. You don't make the decision. How selfish to want other people to suffer so you can go to your heaven.

And a lot of "rapture" and "enbd of times" theories are full of those things. Just like the Left Behind series this book is a prime example.

[\(Report this\)](#)**I Will Pray**, April 29 2004By **A Customer**

Those of you who found this book to be accurate, well-researched, and wonderful will have my prayers. When you say that you have Jesus' truth, what you really have is Satan himself deceiving you. Open up your minds! You are the ones that need to let go of your "traditions of men", not Catholics. Do you know how old your beliefs are? If you are a fundamentalist like Dave Hunt, they are about a hundred years old. Otherwise, they only date back to Luther's time. This is a fact of history. All of you who accept Hunt's book need instruction in history, as well as prayers. This novel is a joke, nothing more. I pity those of you who think differently.
