Sacred Circle Company is an exciting, innovative partnership offering the essential materials, guidance and information for nurturing spiritual wholeness.

We specialise in resources for care for the soul: labyrinths, small group studies, retreats, workshops, aids to meditation and prayer as well as mentoring for individual pilgrimage.

If you are seeking closeness to God (or whatever name you call the sacred in life), through relevant, meaningful, powerful insights that open the door to experience and express your spiritual life, come and be our company in the Sacred Circle.
