ABOUT US

SIECUS-the Sexuality Information and Education Council of the United States- was founded in 1964 to provide education and information about sexuality and sexual and reproductive health.

SIECUS affirms that sexuality is a fundamental part of being human, one that is worthy of dignity and respect. We advocate for the right of all people to accurate information, comprehensive education about sexuality, and sexual health services. SIECUS works to create a world that ensures social justice and sexual rights.

SIECUS educates, advocates, and informs.

Educate: We help schools and communities develop comprehensive sexuality education curricula, train teachers to provide high quality sexuality education in the classroom, and help parents talk to their kids about sex.

Advocate: We educate policymakers and their staff about issues related to sexuality and train advocates on the local, state, and national levels to build support for comprehensive sexuality education and access to reproductive health information and services.

Inform: We produce countless resources for a wide of audiences—from policymakers to parents, healthcare providers to teens—to ensure that everyone has access to accurate, complete, and up-to-date information about sexuality.

SIECUS is supported by individual contributions, foundation grants, and a cooperative agreement with the Centers for Disease Control and Prevention (CDC).
